

Austria-wide we are looking for you as

# Information Security Consultant (m/w/\*)

## We are looking for you to join our Anovis Consulting team!

Support our clients as an Information Security Consultant in projects related to information security and IT security at one of our locations in Vienna, Graz, Salzburg, or Kundl. You will primarily work alongside our senior consultants on a project for a nationally and internationally renowned client with critical infrastructure. Your responsibilities will include designing and establishing an ISMS, as well as providing technical design and implementation of security controls. Through these efforts, we can offer our clients improved security standards, reliable security controls, and expert advice based on a solid foundation of knowledge.

At Anovis, a leading managed service provider, you will benefit from regular professional exchange with your colleagues and specialists in the sister companies of the [CymbiQ-Group](#).

Our colleagues are what is most important to us, which is why we at Anovis pursue a modern and employee-centred corporate culture and have been honoured as a top employer on various sites (e.g. [Kununu](#), [CHIP](#), [Great-Jobs.org](#)).

## Your responsibilities

- Consulting for a national top client in the area of critical infrastructure focusing on IT security and information security
- Carrying out technical audits, security assessments and scans
- Design, planning, implementation and operation of an ISMS based on ISO27001
- Close cooperation in national and international projects
- Active cooperation with our customers for the optimal protection of Business processes and assets

## Your profile

- Completed technical training and corresponding professional experience
- Basic knowledge of
  - current network protocols
  - in the area of web applications (secure software development)
  - Linux and scripting knowledge
- Technical competence and several years of experience as an IT security engineer, IT security consultant or IT security analyst
- Self-initiative, resilience, accuracy, high problem-solving skills
- Good knowledge of German and English (B2 level)

## Advantageous

- Experience in the following areas:
  - Automated and/or manual vulnerability and penetration testing.
  - Security incident management and analysis
- Current or past certifications:  
CEH, CSP, CISSP, CISM, CISA, ISO27001 (Lead Implementer or Auditor), ...

## We offer

- A varied, interesting job in an innovative, leading, internationally active IT company
- Integration into a dynamic and top-motivated team of highly qualified specialists
- Numerous opportunities for participation and development
- Gross annual salary 60.000-68.000€ (38,5h/week), based on the fulfilment of the job profile and the IT-KV
- Active promotion of work-life balance
  - Flexible working hours and overtime compensation
  - Reduced working hours (30-38.5h/week)
  - Home office (up to 80%)
- Comprehensive training, internal and external courses, and promotion of individual development opportunities
- Joint celebrations in summer and winter, as well as regular team events & after-work parties

## About Anovis

As part of the Swiss [CymbiQ Group AG](#), Anovis operates thousands of IT security systems for globally active companies worldwide in cooperation with renowned partners such as A1 Telekom Austria AG, T-Systems, Cisco, Palo Alto, CyberTrap, Barracuda Networks, Airlock, Extreme Networks, Forcepoint, Lastline, Nozomi Networks, Proofpoint, Riverbed and VMware.

With our headquarters in Vienna and branch offices, we offer comprehensive services in the area of connectivity and security.

Our services range from conception and implementation to 24/7 operational management of globally distributed IT systems. Our experts work closely with our partners to develop flexible, forward-looking, and cost-effective solutions that guarantee security and effectiveness and protect investments.

Anovis understands the IT infrastructure, network and IT security needs of customers and provides a highly skilled professional services and operations team to respond quickly and flexibly to ensure a customized, highly accessible IT infrastructure.

*We strongly encourage everyone to apply regardless of gender, age, skin colour, sexual orientation, physical & mental abilities, origin, or other characteristics that make us so unique!*

**We look forward to your application!**
