

Throughout Austria we are looking for a

Junior Network & Security Engineer (m/w/*) 80-100%

Join Anovis as a Junior Network & Security Engineer at one of our locations in Vienna, Graz, Kundl or Salzburg. In the Austria-wide team you are responsible for the planning, maintenance, installation and ongoing support of our customers' network infrastructure.

At Anovis, a leading managed service provider, you will benefit from regular professional exchange with your colleagues and specialists in the sister companies of the [CymbiQ-Group](#).

Our colleagues are what is most important to us, which is why we at Anovis pursue a modern and employee-centred corporate culture and have been honoured as a top employer on various sites (e.g. [Kununu](#), [CHIP](#), [Great-Jobs.org](#)).

Your challenges

- Supporting the design, planning and implementation of customer systems with a focus on NextGen Firewalls, SD-WAN solutions, IoT connectivity.
- Operation and maintenance of large, internationally distributed networks
- Participation in national and international projects
- Active participation in the improvement of our services and processes
- On-call duties after 6 months (incl. additional bonus + time compensation)

Your profile

- Technical training (apprenticeship, HTL, FH, university or comparable) or corresponding professional experience
- Good knowledge of networks
- Initial experience in the use of security products
- Basic technical and practical knowledge in the areas of:
 - SD-WAN solutions
 - IT security infrastructure (firewalls, IPS/IDS, VPN, ...)
 - Network protocols and VPN techniques
- Good knowledge of German and English (at least B1 level)
- Ideally, you also have additional experience with the systems of the manufacturers Barracuda, Velocloud,

Our offer

- A varied, interesting job in an innovative, leading, internationally active IT company
- Integration into a dynamic and top-motivated team of highly qualified specialists
- Numerous opportunities for participation and development
- Gross annual salary 38.000-45.000€ (38,5h/week), based on the fulfilment of the job profile and the IT-KV
- Active promotion of work-life balance
 - Flexible working hours and overtime compensation
 - Reduced working hours possible (30-38,5 hours/week)
 - Home office (up to 80%)
- Comprehensive training, internal and external further education and promotion of individual development opportunities
- Joint celebrations in summer and winter, as well as regular team events & after-work parties

About Anovis

As part of the Swiss [CymbiQ Group AG](#), Anovis operates thousands of IT security systems for globally active companies worldwide in cooperation with renowned partners such as A1 Telekom Austria, T-Systems, British Telecom, Cisco and Barracuda Networks, Extreme Networks, Palo Alto, Airlock Proofpoint or Riverbed. With our headquarters in Vienna and branch offices, we offer comprehensive services in the area of connectivity and security. Our services range from conception and implementation to 24/7 operational management of globally distributed IT systems. Our experts work closely with our partners to develop flexible, forward-looking and cost-effective solutions that guarantee security and effectiveness and protect investments.

Anovis understands the IT infrastructure, network and IT security needs of customers and provides a highly skilled professional services and operations team to respond quickly and flexibly to ensure a customised, highly accessible IT infrastructure.

We explicitly encourage all people to apply regardless of gender, age, skin colour, sexual orientation, physical & mental abilities, origin, or other protective characteristics.

We look forward to your application!
