

Throughout Austria we are looking for a

Network Engineer (m/f/*) 80-100%

Join Anovis as Senior Network & Security Engineer at one of our locations in Vienna, Graz, Salzburg or Kundl. In the Austria-wide team, you primarily work on the planning, maintenance, installation and ongoing support of our customers' network infrastructure.

At Anovis, a leading managed service provider, you will benefit from regular professional exchange with your colleagues and specialists in the sister companies of the [CymbiQ-Group](#).

Our colleagues are what is most important to us, which is why we at Anovis pursue a modern and employee-centred corporate culture and have been honoured as a top employer on various sites (e.g. [Kununu](#), [CHIP](#), [Great-Jobs.org](#)).

Your challenges

- Planning, maintenance, installation and care of existing international customer systems
- Support of senior engineers in (inter-)national projects with gradual takeover of projects & tickets
- Work with a focus on LAN/WLAN and security systems in a 24/7 environment
- On-call duties (incl. additional bonus + time compensation)

Your profile

- Completed technical training (apprenticeship, HTL, FH, university or comparable)
- Technically proficient in the area of switching and routing
- Experience with Cisco, Extreme Networks, Alcatel products (CCNP certification advantageous)
- Basic networking knowledge
- High degree of reliability, accuracy, interest in new technologies
- Good knowledge of German and English (min. B1 level)
- Driving licence B
- Advantageous: Experience in the network & security area (SD-WAN, firewall, e.g. from Palo Alto, Barracuda)

ANOVIS.COM

We offer

- A varied, interesting job in an innovative, leading, internationally active IT company
- Integration into a dynamic and top-motivated team of highly qualified specialists
- Numerous opportunities for participation and development
- Gross annual salary 50.000-58.000€ (38,5h/week), based on the fulfilment of the job profile and the IT-KV
- Active promotion of work-life balance
 - Flexible working hours and overtime compensation
 - Reduced working hours possible (30-38,5 hours/week)
 - Home office (up to 80%)
- Comprehensive training, internal and external further education and promotion of individual development opportunities
- Joint celebrations in summer and winter, as well as regular team events & after-work parties

About Anovis

As part of the Swiss [CymbiQ Group AG](#), Anovis operates thousands of IT security systems for globally active companies worldwide in cooperation with renowned partners such as A1 Telekom Austria, T-Systems, British Telecom, Cisco and Barracuda Networks, Extreme Networks, Palo Alto, Airlock Proofpoint or Riverbed. With our headquarters in Vienna and branch offices, we offer comprehensive services in the area of connectivity and security. Our services range from conception and implementation to 24/7 operational management of globally distributed IT systems. Our experts work closely with our partners to develop flexible, forward-looking and cost-effective solutions that guarantee security and effectiveness and protect investments.

Anovis understands the IT infrastructure, network and IT security needs of customers and provides a highly skilled professional services and operations team to respond quickly and flexibly to ensure a customised, highly accessible IT infrastructure.

We explicitly encourage all people to apply regardless of gender, age, skin colour, sexual orientation, physical & mental abilities, origin, or other protective characteristics.

We look forward to your application!
