

Throughout Austria we are looking for a

Senior Security Engineer (w/m/*) 80-100%

Join Anovis as a Senior Security Engineer at one of our locations in Vienna, Graz, Kundl or Salzburg. You are responsible for advising on IT security and information security issues, planning, maintaining and installing the security infrastructure of our internationally active customers and providing ongoing support.

At Anovis, a leading managed service provider, you will benefit from regular professional exchange with your colleagues and specialists in the sister companies of the [CymbiQ-Group](#).

Our colleagues are what is most important to us, which is why we at Anovis pursue a modern and employee-centred corporate culture and have been honoured as a top employer on various sites (e.g. [Kununu](#), [CHIP](#), [Great-Jobs.org](#)).

Your challenges

- Consulting in the areas of IT security and information security
- Carrying out technical audits, security assessments and scans
- Design, planning, operation, and maintenance of customer systems with a focus on application security and security infrastructure
- Proactive support of our international customers
- Participation in national and international projects
- Active cooperation with our customers for the optimal protection of business processes and assets
- Active participation in the improvement of our security services and processes
- On-call duties (incl. additional bonus + time compensation)

Your profile

- Technical education (apprenticeship, HTL, FH, university or comparable) and 3+ years of professional experience
- Basic knowledge regarding
 - current network protocols
 - web applications (secure software development)
 - Linux and scripting knowledge
- Technical competence and multi-year experience in min. one of the following areas:
 - WAF
 - ATP
 - E-mail security
- Self-initiative, resilience, accuracy, high problem-solving skills
- Good German and English skills (B2 level)

ANOVIS.COM

Beneficial

- Experience in the following areas
 - Automated and/or manual vulnerability and penetration testing
 - Security incident management and analysis
 - IoT and OT security
- Current or past certifications:
 - CEH, CSP, CISSP, CISM, CISA, ISO27001 (Lead Implementer or Auditor), ...
 - Vendor certifications (Barracuda, Proofpoint, Airlock, Lastline/VMware,...)
- Experience with systems from the manufacturers Barracuda, Proofpoint, Airlock, Lastline/VMware

Our offer

- A varied, interesting job in an innovative, leading, internationally active IT company
- Integration into a dynamic and top-motivated team of highly qualified specialists
- Numerous opportunities for participation and development
- Gross annual salary 63.000-75.000€ (38,5h/week), based on the fulfilment of the job profile and the IT-KV
- Active promotion of work-life balance (including up to 29 additional days off)
 - 6th week of annual leave
 - Flexitime model without core time + 2 flex days/month
 - Reduced working hours (30-38.5 hours/week)
 - Home office (up to 80%)
- Comprehensive training, internal and external further education and promotion of individual development opportunities
- Joint celebrations in summer and winter, as well as regular team events & after-work parties

About Anovis

As part of the Swiss [CymbiO Group AG](#), Anovis operates thousands of IT security systems for globally active companies worldwide in cooperation with renowned partners such as A1 Telekom Austria, T-Systems, British Telecom, Cisco and Barracuda Networks, Extreme Networks, Palo Alto, Airlock Proofpoint or Riverbed. With our headquarters in Vienna and branch offices, we offer comprehensive services in the area of connectivity and security. Our services range from conception and implementation to 24/7 operational management of globally distributed IT systems. Our experts work closely with our partners to develop flexible, forward-looking and cost-effective solutions that guarantee security and effectiveness and protect investments.

Anovis understands the IT infrastructure, network and IT security needs of customers and provides a highly skilled professional services and operations team to respond quickly and flexibly to ensure a customised, highly accessible IT infrastructure.

We explicitly encourage all people to apply regardless of gender, age, skin colour, sexual orientation, physical & mental abilities, origin or other protective characteristics.

We look forward to your application!
