

For the Kundl office we are looking for a

Network Engineer (m/f/x) 80-100%

Join Anovis as a Network Engineer at our location in Kundl!

Optimise your work-life balance and promote your personal and professional development. You will focus on the planning, maintenance, installation, and ongoing support of our customers' network infrastructure. Join a team dedicated not only to driving innovative projects but also to supporting your individual professional goals. Start your success story at Anovis now!

At Anovis, a leading managed service provider, you will benefit from regular professional exchange with your colleagues and specialists in the sister companies of the [CymbiQ-Group](#).

Our colleagues are what is most important to us, which is why we at Anovis pursue a modern and employee-centred corporate culture and have been repeatedly honoured as a top employer on various sites (e.g. [Kununu](#), [CHIP](#), [Great-Jobs.org](#)).

Your responsibilities

- Planning, maintenance, installation, and care of existing international customer systems
- Support of senior engineers in (inter-)national projects with gradual takeover of projects & tickets
- Work with a focus on LAN/WIFI and security systems in a 24/7 environment
- On-call duties (incl. additional bonus + time compensation)

Your profile

- Completed relevant training, several years of relevant professional experience
- Technically proficient in switching and routing
- In-depth knowledge of Cisco products (CCNP certification an advantage)
- Basic knowledge of networking
- High degree of reliability, accuracy, interest in new technologies
- Fluency in German, English beneficial (min. B1 level)
- Driving licence B
- **Advantageous:** Experience in the network & security area (e.g. Palo Alto, Barracuda, Extreme Networks)

- Joint celebrations in summer and winter, as well as regular team events & after-work parties

About Anovis

As part of the Swiss [CymbiQ Group AG](#), Anovis operates thousands of IT security systems for globally active companies worldwide in cooperation with renowned partners such as A1 Telekom Austria, T-Systems, British Telecom, Cisco and Barracuda Networks, Extreme Networks, Palo Alto, Airlock Proofpoint or Riverbed. With our headquarters in Vienna and branch offices, we offer comprehensive services in the area of connectivity and security. Our services range from conception and implementation to 24/7 operational management of globally distributed IT systems. Our experts work closely with our partners to develop flexible, forward-looking, and cost-effective solutions that guarantee security and effectiveness and protect investments.

Anovis understands the IT infrastructure, network and IT security needs of customers and provides a highly skilled professional services and operations team to respond quickly and flexibly to ensure a customized, highly accessible IT infrastructure.

We explicitly encourage all people to apply regardless of gender, age, skin colour, sexual orientation, physical & mental abilities, origin, or other protective characteristics.

We look forward to your application!
